Catering for over 24 people – 5 business days

Catering with chefs & staff on-site requires more lead time. The absolute minimum is 2 weeks.

FAQ

What does Chef's Choice mean?

Chef's Choice means that we create the menu on the same day. What is served may vary, so to speak. By allowing the chefs to choose ingredients based on seasonality and availability, we can make use of the resources at hand. In other words, sustainable food.

WE FIGHT FOOD WASTE - WFFW

At K-märkt, we care about our planet, and we work daily to reduce food waste, a much bigger problem than many realize. We use several methods to minimize our food waste, and Chef's Choice is one of them.

Feel free to read more about our sustainable food philosophy on our website: kmarkt.se

Why do you have a special diet policy, and why does some special diet cost extra?

There are four reasons why K-märkt has a developed and clear special diet policy:

1. We want to give all guests the same wonderful dining experience and high food quality – whether they need special diets or not.
2. We want to avoid serving food that the guest cannot tolerate, causing them harm.
3. Sustainability. We want to minimize food waste through structured work, which can be a higher risk with special diets.
4. We want high service and to offer guests the opportunity to choose what they prefer – but requests beyond a certain baseline level come with an additional cost.

Are the prices inclusive or exclusive of VAT, and what is the VAT?

In this price list, all prices are exclusive of VAT. If you are a private customer, VAT is added at 12% for food and non-alcoholic beverages, and 25% on everything else.

Can I rent staff, and what does it cost?

Some of our dishes/menus require a chef on-site, while others do not.

We are also happy to rent out service staff in connection with food and drink deliveries.

Chefs/Service Staff: 525:-/hour

Overtime (OB): from 50:-/hour
